

## Galaxy Development Recognized for Community Improvement

**Southington, CT:** The Greater Southington Chamber of Commerce presented Galaxy Development, LLC a “Beautification Award” for the recent development of Cosmo Corner located at 365 Queen Street. The chamber’s board of directors presented Jack and Patricia David with the award on behalf of Galaxy Development at the Chambers 78th annual celebration and recognition dinner on April 30<sup>th</sup> at The Aqua Turf.

Liz Hyatt, Executive Director of the chamber said the recipients are “outstanding in their contributions to the business community and the entire Southington community. Their loyalty and dedication has significantly made a positive impact on our town, and the chamber is honored to recognize them for the difference they have made.”

The three acre property located at the signalized intersection of Loper Street and Queen Street had various older buildings on the site which included a diner, liquor store, car repair shop and residential house. Webster Bank was remodeled by adding a double drive thru and ATM and new landscaping and parking areas. The remainder of the site was demolished to make way for the retail plaza.

Cosmo Corner tenants are Panera Bread, Sprint, Quest Diagnostics, Velocity Urgent Care and Webster Bank. Galaxy Development has completed projects totaling over \$250 million during the last several years and has given new life to distressed properties and communities that have cooperated and shared the visions of the company. Current projects include a 230,000 SF development in Sutton, MA anchored by the first ground up Market 32 by Price Chopper and a 60,000 to 70,000 SF Project on Park Avenue and Grove Street in the heart of Worcester, MA.
